INTELLUCTUAL PROPERTY RIGHTS CELL

WEBINAR ON “ACCELERATED INNOVATION THROUGH RESEARCH”

08.08.2020

The Intellectual property rights cell of JIT organised a webinar on “Accelerated Innovation Through Research” for the faculty members of JIT on 08.08.2020 at 10.30am. The resource person was Dr.A.CHITRA, Associate Professor, School of Electrical Engineering, Vellore Institute of Technology, Vellore.

The webinar commenced at 10.30 am with the welcome address by Dr.T.MEENAKSHI, IPR cell coordinator of JIT. The guest was introduced to the audience by the IPR cell coordinator. Followed by, there was a live webinar session of the guest. The resource person thanked the management and the Principal for inviting her to deliver the lecture on the need of the hour topic. She started the session by explaining fundamental research and the steps followed to perform a good research right from broad area identification to publication or patenting. She cited the importance of publicising the results in good journals and also how good research could be extended to innovations. The means of patenting innovations and the income generated was also discussed. She emphasized that academic institutions should be ahead of industries and propose new results. She cited her own research work on Artificial Neural networks and explained how she brought innovation in her work from that available in literatures. The results of her work were discussed and she concluded the session by listing the upcoming thrust areas of research and innovation in engineering domain. The speaker answered to the queries from the audience. The webinar was valedicted at 11.25am with the vote of thanks by Dr.T.Meenakshi. The entire faculty commented the webinar to be an informative session on research and innovation and thanked the resource person.
