IPR CELL

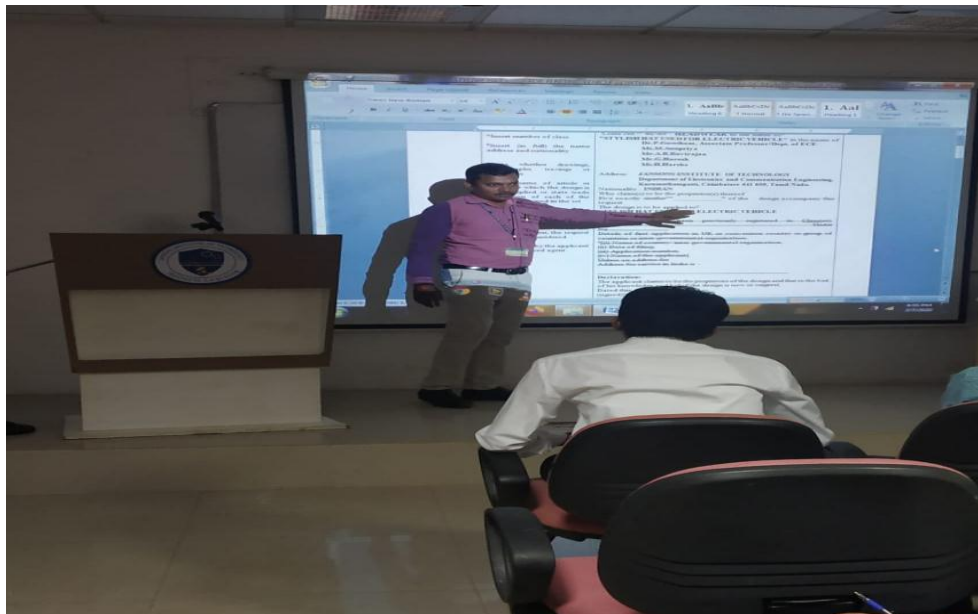

Workshop on "Drafting of Patents for Beginners"

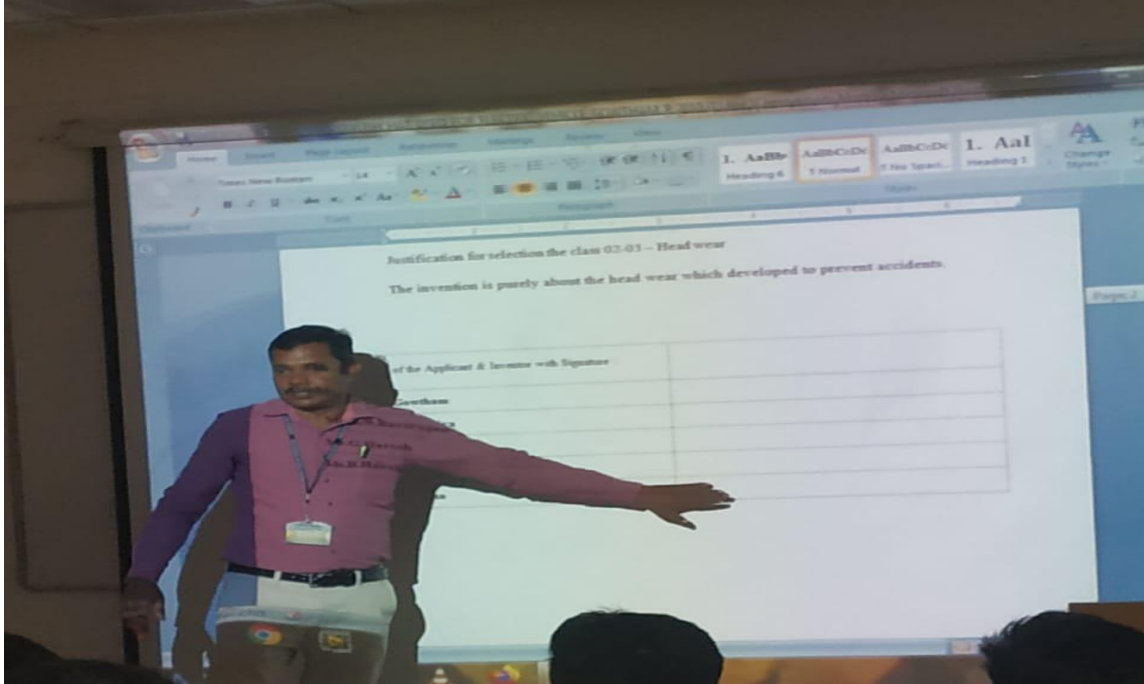

Report

Date: 29.1.2019 (3.45 to 5.15pm)

Venue : Seminar Hall(T1)

A workshop on drafting of Patents for Beginners was arranged for the interested faculty members on 29.1.2019 (AN). The workshop was handled by Prof P.Gowtham, Department of ECE, Coordinator of EDC cell. About 26 faculty members attended the workshop. The workshop gave an insight about the preparation of patents for beginners. The concept of prior art, process of writing claims, design patent formation was explained by the speaker. The speaker explained the case with the example he was working with. The patent search was also done and explained to the listeners. The workshop was useful for the faculty who are new to the IPR field.

Prepared by,
Dr.T.Meenakshi, IPR coordinator
